Original articles

A. Łukawska, W. Markiewicz, J.J. Jaroszewski – <i>Influence of autonomic nervous system on relaxant action of bisphenol A in porcine myometrium</i>	359
S. Kamiński – <i>Bovine Lymphocyte Intestinal Retention Deficiency – detection of causal mutation among Holstein-Friesian bulls using the PCR-RFLP technique</i>	373
R. Arıcı, E. Günay, H. Şenlikci, S. Yağcıoğlu, A. Eser, A.İ. Sandal, K. Demir, S. Alkan – <i>Evaluation of the efficacy of different semen extenders for chilled storage of Aseel rooster sperm</i>	379
K. Kras, C. Osiak-Wicha, M.B. Arciszewski – <i>Immunolocalization and immunoexpression levels of sibling peptides nesfatin-1 and ghrelin, and their potentially shared receptor in the gastrointestinal tract of Holstein-Friesian bulls</i>	389
J. Lee, M. Kim, H. Kim, J. Ryu, T. Oh, S. Bae – <i>Correlation between the Mitral Insufficiency Echocardiographic score and radiographic variables in dogs with myxomatous mitral valve disease</i>	403
Z. Sultanuly, M. Mambetaliyev, G.D. Ilgekbayeva, P. Sobiech, J. Miciński, A. Platt-Samoraj, B. Orzechowski, N.S. Kozhabergenov, K.I. Batyrova – <i>Phylogenetic characteristics of the porcine reproductive and respiratory syndrome virus isolated from pigs in four regions of Kazakhstan</i>	409
K. Maeda, T. Matsui, D. Hotta, S. Iwai, S. Okano – <i>Comparison of vasopressin delivery via the proximal humerus and proximal tibia in healthy dogs under general anesthesia: implications for emergency intraosseous administration</i>	419
C. Peker, E.H. Uçar, M. Köse, M. Polat, M.O. Atlı – <i>Differential mRNA expression of luteal TLR2, TLR4, TLR7, and interleukin-8 across canine reproductive states</i>	429
M. Studzińska, M. Klockiewicz, K. Szczepaniak, M. Demkowska-Kutrzepa, M. Roczeń-Karczmarz, K. Tomczuk – <i>Assessment of the antiparasitic effectiveness of pyrantel pamoate in treatment of Strongylidae invasions in young horses – preliminary studies</i>	441
E. Gunay, T. Szara, H. Gencer, D.Z. Telci, E.I. Deveci, E. Ozkan, U.Y. Uysal, M.C. Spataru, C. Spataru, O. Gundemir – <i>Echocardiographic assessment and reference values of clinically healthy white storks (Ciconia ciconia) using transcoelomic approach</i>	449
W. Barański, S. Zduńczyk, M. Zielińska – <i>Association of subclinical endometritis with acycilia and their additive effect on fertility performance in dairy cows</i>	457
A. Khan, A. Ihsan, F. Ullah, O. Ullah, S. Nawaz, M.I. Khan, K.J. Alzahrani, K.F. Alshrafi, T. Ali, A. Qadeer – <i>Antimicrobial resistance patterns and high prevalence of the mcr-1 gene in pathogenic Escherichia coli from diseased poultry</i>	463

Short communications

N. Rogalska-Niznik, J. Nowacka-Woszek, M. Switonski – <i>Prevalence of the SOD1, PRCD and SLC2A9 gene mutations responsible for degenerative myelopathy, progressive rod-cone degeneration, and hyperuricosuria in Polish population of Labrador Retriever dogs</i>	471
W. Kędzierski, A. Chałabis-Mazurek, Z. Belkot, I. Janczarek, S. Kowalik – <i>Zinc, copper and selenium deficiencies in broodmares in south-eastern Poland</i>	475
D. Marteles, M.E. Lebrero, P. Quilez, A. Gómez, A. Fernández, S. Villanueva-Saz – <i>Serum amyloid A concentration in naturally infected cats with Hepatozoon felis alone or coinfecting with other pathogens</i>	481

Review paper

S. Xu, C. Pan, J. Xiao, N. Sun, W. Zhang – <i>Extraordinary canine potential – alternative service domains for working dogs: a review</i>	487
A. Snarska, D. Grzybowska – <i>The role of selenium in small ruminants: implications for haematopoiesis and supplementation strategies – a review</i>	497
